AUTISM DATABASE

A voluntary database to record the details of adults with autism in Bournemouth, Poole and Dorset. Managed in confidence by Autism Wessex.

- 1**

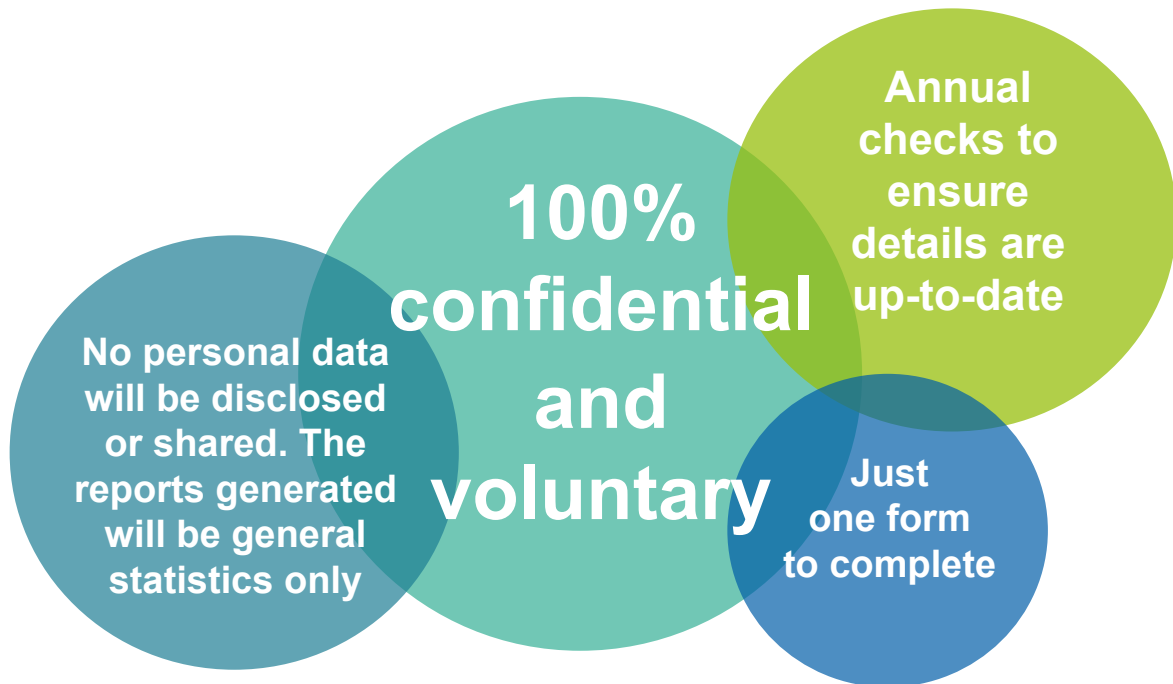

We know that approximately **1 in 100** people have autism. That's roughly **7,500 people** in Bournemouth, Poole and Dorset alone.
- 2**

EDUCATION Age
Benefits employment
sex **ETHNICITY**
quality of life Housing

We only have **statistical estimates**. And we know nothing more. What about people's lives – housing, benefits, employment and so on?
- 3**

The new database will capture lots of information about local people with autism and these general details will be passed to statutory organisations.
- 4**

Organisations will then be able to use the information to improve and target services most effectively, providing a direct benefit to people with autism.

HOW TO REGISTER

Contact Autism Wessex to request a form, which can be sent by email or post, or visit the Autism Wessex website: www.autismwessex.org.uk
