Information Management & Technology	✓		✓
Equality Impact Assessment	✓		✓
Freedom of Information	✓		✓
I confirm that I have considered the implications of this report on each of the matters above, as indicated	✓		

Initials: AD

1. Introduction

- 1.1 This report provides the latest version of the Governing Body Assurance Framework (Appendix 1). This framework provides assurances against the key strategic risks and controls that the Governing Body must consider when seeking internal assurance.
- 1.2 The Governing Body Assurance Framework has been developed to ensure that there is a streamlined approach to assurance enabling the Governing Body and delegated committees to focus only on the strategic issues of the organisation.
- 1.3 The Directors' Performance meeting has operational responsibility for maintaining the Governing Body Assurance Framework with support from the Patient Safety and Risk team.
- 1.4 The framework has been linked to the strategic objectives of the organisation and also serves as a source of external assurance for the NHS England – South (Wessex) quarterly assurance processes.
- 1.5 Where there is direct correlation, summaries have been included relating to risks on the Corporate Risk Register, including risk scores. The Corporate Risk Register will continue to be uploaded to the Board Portal on a monthly basis for members to access.
- 1.6 The controls for each of the strategic risks are ordered (top to bottom) in terms of the level of assurance the control provides. The most important assurance (e.g. NHS England assurance checkpoint) would be at the top, with lower level internal assurances at the bottom.

2. Gaps in Controls and Assurances

- 2.1 This section of the report summarises the actions that are planned to rectify areas where gaps have been identified in controls or assurances (these appear in blue in the main document). These have been summarised in the table below:

Key Control		Gap in Assurance Process
7	Better Care Fund targets	Unknown; new line of assurance due to commence in July 2016
31	Executive scrutiny	Individual internal audits have highlighted gaps in assurance; action plans are in place, which are followed up by Internal Audit.

3. Recommendation

- 3.1 The Governing Body meeting is asked to note the Governing Body Assurance Framework format and contents.

Author's name and Title : Annie Dale, Patient Safety and Risk Manager
