1. Introduction

- 1.1 The framework provides assurance to the Governing Body of the controls that are in place to mitigate the key risks that could impact on the CCG's delivery of its strategic objectives.
- 1.2 This report provides the current version (Appendix 1) of the Governing Body Assurance Framework (GBAF) for information.
- 1.3 The Directors' Performance meeting has operational responsibility for maintaining the Governing Body Assurance Framework (GBAF) with support from the Patient Safety and Risk team.

2. Gaps in Controls and Assurances

- 2.1 No gaps in assurance are currently identified in the Assurance Framework as at 26 June and no gaps have been identified since the previous report.
- 2.2 Changes will be made to the GBAF in due course to reflect the changes to the governance structure and the decision to cease the Clinical Commissioning Committee meeting.

3. Strategic risk scoring

- 3.1 In February 2019 the strategic risks of the CCG were scored for the first time following an audit recommendation in 2017/18. The risks were scored using the NPSA risk matrix approach and the scoring is now evident on the GBAF.
- 3.2 The assessment of the strategic risk score for Q4 2018/19 has now been added to the GBAF. The scores have not changed since Q3 2018-19. This will be repeated in July 2019 for Q1 2019-20.

4. Recommendation

- 4.1 The Governing Body meeting is asked to **note** the Governing Body Assurance Framework format and contents.
