NHS Dorset Clinical Commissioning Group is the Data Controller for this process.

The Data Protection Officer for NHS Dorset Clinical Commissioning Group is Paddy Baker who can be contacted on: 01305 368900.

Lawful Basis for Processing

The legal basis for processing personal data for an application for Personal Health Commissioning is 'the consent of the data subject' (GDPR Article 6.1[a]). To enable an application to be processed, the applicant must consent to the use and sharing of their personal information.

GDPR Article 6.1[e]: 'The process is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller.' GDPR Article 9.2(h): 'Processing is necessary for the purposes of preventive or occupational medicine, for the assessment of the working capacity of the employee, medical diagnosis, the provision of health or social care treatment or the management of health or social care systems and services on the basis of Union or Member State law.'

Purposes of the Processing

The Personal Health Commissioning assessment process (including retrospective applications) is a process involving the collection of personal information to support and evidence current and retrospective applications for health funding. This information is required to determine eligibility for funding throughout the various stages of the process:

- Stage 1. The initial assessment process;
- Stage 2. Decision outcome:
 - Positive - proceed to commissioning care or offering a Personal Health Budget; or
 - Negative – appeal the decision
- Stage 3. Appeal not supported – final appeal can be made to the
 - Parliamentary and Health Service Ombudsman and/or NHS England.

During these stages, your information may be used by the NHS Dorset Clinical Commissioning Group to

- make decisions about eligibility for Personal Health Commissioning funded services;
- make arrangements to provide and pay for funding packages, if agreed, with appointed care providers, which will include sharing data with Local Authorities to source care;
- communicate eligibility decisions to those involved in the care of the individual;
- undertake regular reviews and enable ongoing discussions about the management of the care to take place;
- share with NHS and Local Authority, in the process of determining eligibility for NHS Continuing Healthcare funding;
- share with NHS England and the applicant to enable Independent Reviews to take place as part of the Local Review of Eligibility process;
- share with the Parliamentary and Health Service Ombudsman as part of the complaints process to enable complaints to be addressed;
- share in an anonymised format for audit purposes to improve services and provide assurance to NHS England that the service is being delivered in accordance with the National Framework for Continuing Healthcare;
- share with commissioned providers tasked with carrying out activity on behalf of the NHS Dorset Clinical Commissioning Group
